

# Call for Application for Stipendium Hungaricum Dissertation Scholarship for doctoral students graduating in the spring semester of academic year 2021/2022

## 1. The Stipendium Hungaricum Scholarship Programme

### 1.1. Mission statement

The Stipendium Hungaricum Scholarship Programme was launched in 2013 by the Hungarian Government. The main goal of the programme is to support the internationalisation of Hungarian higher education and its development, to strengthen the international relations of the Hungarian academic and research community, to enhance the cultural diversity of higher education institutions, and to promote the good reputation and competitiveness of Hungarian higher education throughout the world. The programme is based on bilateral educational cooperation agreements signed between the Ministries responsible for higher education in the sending countries/territories and the Ministry of Foreign Affairs and Trade of Hungary. Currently, more than 80 Sending Partners are engaged in the programme on 5 continents, and the geographical scope of the programme is spreading each year.

The core mission of the programme is to increase the number of foreign students in Hungary and to encourage Hungarian higher education institutions to attract foreign students.

Since 2013, the number of Stipendium Hungaricum scholarship holders has grown significantly, contributing, at the same time, to an increase in the ratio of self-paying international students at Hungarian universities. Between 2013 and 2020, the ratio of international students studying in Hungarian higher education doubled, and the ratio of Stipendium Hungaricum scholarship holders among them quadrupled.

The number of both Stipendium Hungaricum applicants and awardees, as well as the number of available scholarship places, is continuously increasing. In 2022, more than 50,000 applications were received and, in 2021, more than 5,000 scholarships were awarded – the ratio clearly showing that, since its launch, the Stipendium Hungaricum scholarship has become a programme of excellence.

The Stipendium Hungaricum Programme is supervised by the Ministry of Foreign Affairs and Trade and managed by Tempus Public Foundation (hereinafter referred to as TPF).

### 1.2. Background of the call for application

Stipendium Hungaricum scholarships are available for bachelor's, master's, one-tier master's, doctoral, and non-degree programmes (preparatory and specialisation courses).

In Hungary, the duration of doctoral programmes is 8 semesters. Doctoral programmes are divided into two different phases: the first phase (4 semesters) is for professional training and research, while the second phase (4 semesters) is for research and dissertation.

In compliance with the prevailing Hungarian legislation, Stipendium Hungaricum scholarship holders can request the extension of their scholarship at the end of their bachelor's, master's and one-tier master's programmes. Under the law, the doctoral programmes may not be extended, not even if the scholarship holder has successfully obtained their absolutorium and the only step left for them is to acquire their doctoral title by the defense of their thesis. The aim of this **separate call for application** is to grant an opportunity to scholarship holders completing their 4-year doctoral programmes within the framework of the Stipendium Hungaricum Scholarship Programme to finish their dissertation as scholarship holders.

It is important to emphasize that anybody who is applying for a Dissertation Scholarship is not eligible for the one-time HUF 400.000 graduation allowance upon completion of their defense.

The Dissertation Scholarship is not an extension of the already existing Stipendium Hungaricum scholarship status. The Dissertation Scholarship can be used for research and dissertation writing purposes only in cases when the scholarship holder's presence in Hungary is absolutely necessary to finalize their doctoral activities.
